

SCREEN & STORM DOOR

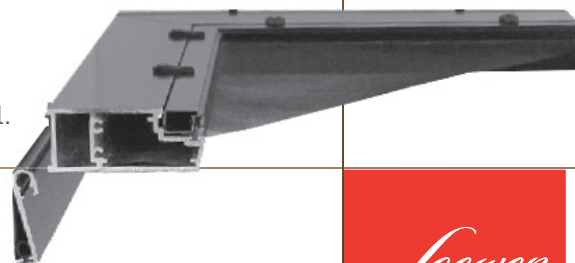

Announcing the new premium swinging screen door from Loewen to complement our line of Terrace and French Terrace Doors. The screen door can be ordered for clad and all wood doors and is also available "as a retrofit to specific configurations of existing Loewen Terrace and French Terrace door frames.

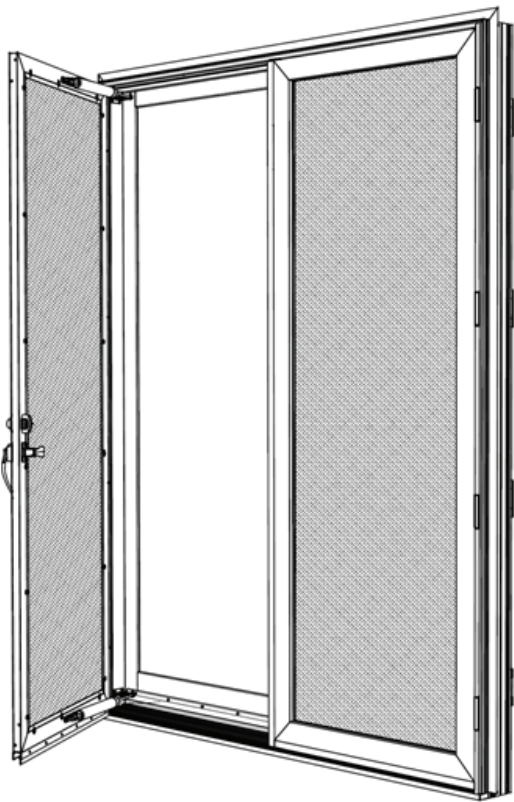

Loewen has taken the functional screen door and designed a robust and clean aesthetic to enhance Terrace door entryways.

This is a complete door offering available in all current Loewen clad colors in an AAMA 2605 specification and all anodized finishes to match our doors and frames. Hinge assemblies are also color matched.

The removable standard screen panel is easily replaced with the optional storm panel for increased protection from the elements.

Large sizes are available - up to 3135 mm (123 7/16") tall with screen only option and 2700 mm (106 1/4") tall with the optional storm panel. Narrow stile and rail dimensions of 2 7/8" allow maximum opening. The strong construction and thicker glass used as standard on the optional storm panel allows the frame to be built without a bottom kick panel.

French Terrace Door

Storm Panel

Standard Concord Handle Set

Interior View

Pneumatic Closer

Corner sections of screen door only will be available in black with optional glass storm panel. Orders can be placed through the Loewen promotional store.

Full size samples can be ordered through co-op program. As this is an addition to be applied to a terrace door in a frame, orders can be placed as complete combo units. We suggest that retro-fit orders be discussed with your Loewen sales team, or Marketing Team.

Display Doors will come with Thompson Handle Set. Optional.

- Black
- Antique Brass
- Oil Rubbed Bronze
- Satin Nickel
